Letter from a Senior Resident

We received the following letter from Cecil, a resident at Ellsworth House on Mercer Island.

St. Andrew's Housing Group,

I want to express my thanks and deep appreciation to you for the privilege of residing at Ellsworth House; for its amenities and the privilege of having such a splendid manager like Jody Friend. I have thoroughly enjoyed my living quarters, the Ellsworth accommodations and its sterling management qualities as personified by Jody.

Cecil

If there is life in the great beyond and I find myself admitted through the Pearly Gates, I will be quite satisfied if that place of exaltation is comparable to my residence at Ellsworth House.

Ellsworth House

I thank you and all those connected with St. Andrew's for making my "golden" years in reality delightful.
